

CHRIS DAVEY

Product Designer · 3D Visualization · Brand Systems
Sacramento, CA · (916) 205-6733 · cdavey1533@gmail.com · DVYDesign.com

SUMMARY

Product, industrial, and visual designer with two decades shipping connected hardware, software, and brand systems—from concept through production, alongside engineering, marketing, and sales.

EXPERIENCE

Bekonix · *Chief Design Officer* June 2021 – Present

Connected hardware products and cross-platform software tools.

- Own industrial design, product visualization, and brand systems through production.
- Model in SolidWorks and Fusion 360; produce stills, decks, and assets for web, print, and packaging.
- Lead Bekonix and client programs, including on-site work for Luxer One / Harbor.
- Use Figma, Adobe, and AI tools (Cursor, Claude, ChatGPT) to ship files without extra handoffs.

HiDO Health · *Head of Design (Contract)*

Connected medical platform for medication-dispensing hardware and companion software.

- Designed hardware visuals and Figma mockups for apps, touchscreens, and dashboards
- Delivered production files to engineering; managed App Store and Google Play submissions.

RocketLife · *Senior Product Designer* 2012 – 2019

Hardware + SaaS platform for digital product creation and ecommerce.

- Led UX/UI and visual design for tools used with HP, Kodak, LG, and Samsung.
- Cut concept-to-development time 50% for a platform serving 100,000+ users in 22 languages.

DVY Design · *Freelance Product, Brand & Marketing Designer* Ongoing

Brand, packaging, and marketing design for regional companies.

- Identities, sites, and campaigns for 50+ businesses; 30+ beverage-can labels and supporting assets.

TOOLS
