

BRAND GUIDELINES

Logo, type, color, and applications

NAVY
#0B3A82

AMBER
#C99212

How to use this guide

01

The mark

Lockup, drawn S, gear, and wordmark.

03

Clear space

Protection and minimum size.

05

Color system

Navy, Steel, Graphite, Ink, Amber, Bone.

07

Uniforms

Hat, shirt, and sleeve.

02

Color versions

Navy, Bone, Ink, and reverse.

04

Type system

Cocktail Shaker and Quicksand.

06

Business cards

Corrected front and back.

08

Production

Files, press, and fabric.

One lockup. Do not rebuild it.

Wordmark

“Shannon” is Cocktail Shaker, manually italicized. The leading S is hand-drawn art. Never reset the word in live type.

Descriptor

FAMILY AUTOMOTIVE is Quicksand. It is not interchangeable with another grotesque.

Symbol

The gear and joined hands sit as a unit. Use the symbol alone only on sleeves, avatars, and embroidery under 0.75 in.

Four approved finishes

Navy on Bone

Default. Print, vehicles, web.

Bone on Navy

Primary reverse. Fascia, cards.

Ink on White

One-color docs and stamps.

Bone on Graphite

Dark UI and shop shirts.

Script for the name. Quicksand for everything else.

WORDMARK ONLY

Cocktail Shaker

Manually italicized for “Shannon.” The leading S is custom art. Do not use this script for headlines, body, or the descriptor.

BRAND SANS

Quicksand

Descriptor, headlines, UI, cards, and body. Bold for titles. Regular or Medium for paragraphs.

FAMILY AUTOMOTIVE

* Closest coated Solid. Confirm against a physical chip under D50.

Corrected to the system

Field

Service Navy #0B3A82, not electric blue.
Left panel is Bone #F3EFE6.

Mark

Official lockup in Bone on Navy. Isolated gear on Bone, in Navy.

Type

Quicksand for name, title, email, phone, address, and the back headline.

Signal

BOOK ONLINE is Shop Amber #C99212 with Ink type. One CTA. No outline-only button.

Do not

Do not rebuild Shannon in live script. Do not put the mark on Amber.

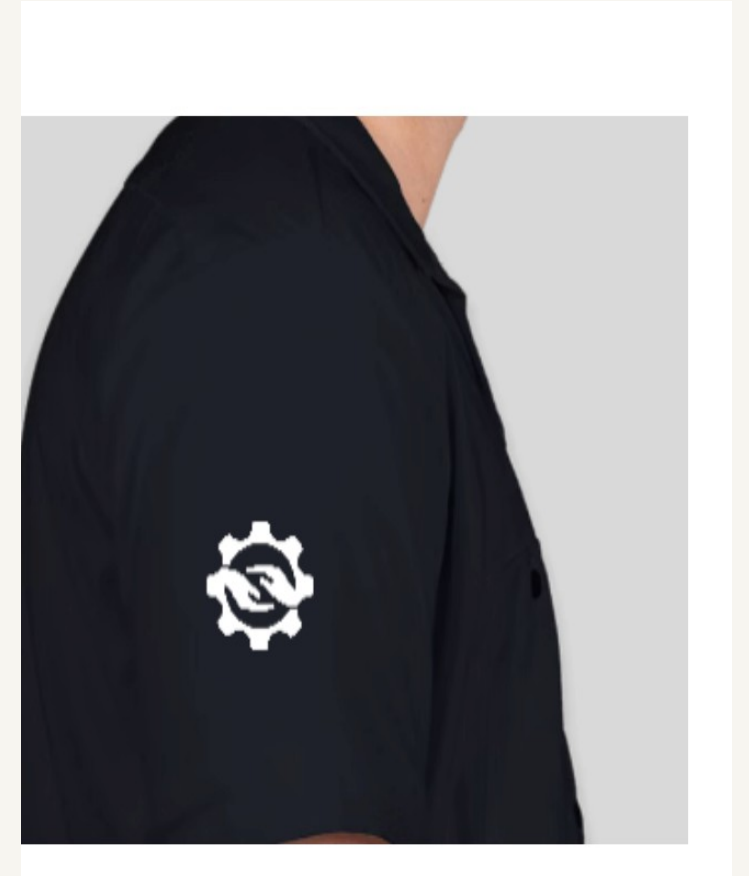

Official lockup. Symbol only when small.

HAT · Bone thread on Navy. Full lockup.

CHEST · Bone thread on Graphite. Full lockup.

SLEEVE · Gear only.

Do not embroider the all-caps horizontal “SHANNON Family Automotive” lockup. That mark is retired. Hats and chests carry the official script lockup. Sleeves, cap backs, and anything under 0.75 in carry the gear alone.

What was wrong. What to ship.

Was	Now
Electric blue field on the cards	Service Navy #0B3A82
Cool white left panel	Bone #F3EFE6
Outline-only BOOK ONLINE button	Shop Amber fill, Ink type
All-caps horizontal hat / chest lockup	Official script lockup in Bone thread
Sleeve already used the gear — keep it	Symbol only. Do not add type on the sleeve

Cards, shirts, and hats

Cards

3.5 × 2 in. Navy as Pantone 288 C on the field. Bone panel can run process. Amber button is 125 C. Print the official lockup from vector, not from live type.

Hats

Navy front, Bone mesh or Bone stitch. Official lockup centered, about 3 in wide. Bone thread. No all-caps rebuild.

Shirts

Graphite or Soft Black shop shirt. Chest: official lockup in Bone thread, above the pocket, 3 in or wider. Sleeve: gear only.

Files

Ship the lockup as vector. The drawn S travels with the file. Quicksand for all operational type on the card back and in the shop.

Ratio

Navy carries the surface. Amber is one hit — the booking button. Do not add a second warm.
